

# NH Food Bank's Hunger Action Month<sup>®</sup> Canstruction<sup>®</sup> Competition

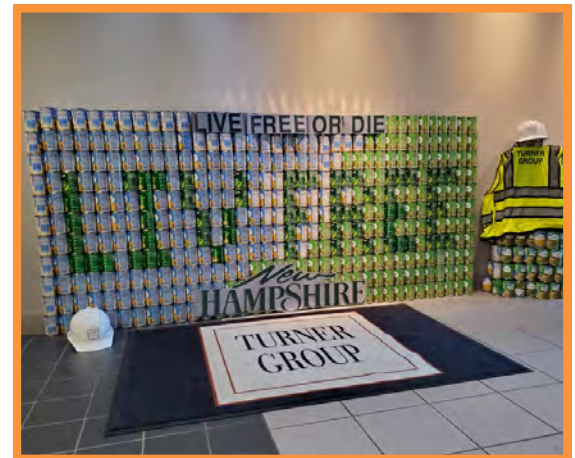

September 2024

**Calling all engineers, architects and anyone with a passion for building to join the NH Food Bank for our annual Canstruction Competition this September as part of Hunger Action Month!**

Canstruction is a nationwide program that aims to raise awareness about hunger! Participating teams join teams across the country in building structures using canned or packaged food items to benefit local food banks. Once completed, the cans you used to build your structure are donated to the NH Food Bank for distribution to our neighbors experiencing hunger throughout the Granite State.
